

Public hearing on river basin management plans

1. Background

- Name
- Address
- Municipality
- E-mail
- Organisation

2. What is your relationship to the river basin?

- Profession depends on river/lake
- Profession on river basin
- Administration
- Inhabitant
- Tourist/recreational user
- Other

3. Which part of the river basin are you mainly interested in and why? (click the interactive map)

4. What is your main concern of the river basin

- Water level
 - § Flooding
 - § Drought
- Pollution/decreasing water quality
- Hydro-morphological changes
- Increasing vegetation/overgrowth

Concern	1	2	3	4	5
Water level					
Water quality					
Hydro-morphology					

Vegetation/overgrowth					
Building near shoreline					
Nature protection					
Overfishing					
Recreational					

5. What are the main reasons for the harmful development of the river or lake quality in your opinion?

	Pressures	Tick 1-5

	Hydropower	
	Open cast coal mining	
Morphological pressures	Dams (transversal)	
	Weirs (transversal)	
	Longitudinal embankments	
	Straightening	

	Dredging	
	Shore protections	
	Urbanisation	
Hydrologic al pressures	Flow regulation (rivers)	
	Hydropeaking	
	Level regulation (lakes)	
	Change in riverprofile	
Other anthropogenic pressure	Recreation	
	Fishing/angling	
	Climate changes	
	Land drainage (forestry)	
	Overgrazing	
	Introduced species	
	Introduced diseases	

6. Do you think that you have got enough information of the river basin status and the on-going river basin planning process?
7. What is the best way of distributing information about the river basin status and planning process?
8. What are your proposals to improve the status of the waters?
9. What are your possibilities to participate the actions to implement the programme of measures?
